

Fourth International Integrative Nursing Symposium

Online • April 27-29, 2022

Register at IntegrativeNursingSymposium.com

Join nurses from around the globe from April 27-29, 2022, for the Fourth International Integrative Nursing Symposium, which will be held completely online.

The theme for our gathering is "Leading System Change." The Covid-19 pandemic, the fragility of health care institutions, the growing awareness of systemic racism and the planetary crisis have accelerated the need for whole person, whole system and whole planet care and healing.

Exciting Keynote Speakers and Topics Include:

Billy Rosa,
*PhD, MBE, NP-BC,
FAANP, FAAN*
Nurses and Health Equity

Rumay Alexander,
EdD, RN, FAAN
Whole Person
Leadership:
Dismantling Racism
Begins with Me

Samueli Foundation Jeannine Rivet

Weil Foundation Greater Boston Nursing Collaborative

Join Us!

Our online gathering will offer many of the same opportunities for learning and connections as past Symposia, but with exciting new features.

Presenters who submit abstracts for the online Symposium will have the opportunity to share their work in a poster format and record short videos that will enable them to interact with participants from around the world. Abstracts are due by March 15, 2022.

We will miss the opportunity to gather in person, however, the new environment necessitated by the Covid-19 pandemic has presented new ways to ensure that even more nurses will be able to gather, share, and learn together.

General Admission \$125
Students \$50

Continuing education contact hours will be provided for this event by The University of Washington College of Nursing. The University of Washington Continuing Professional Education is an approved provider of continuing nursing education by the Western Multi-State Division, an accredited approver by American Nurses Credentialing Center's Commission on Accreditation.
